*The Evening Star, February 6, 1923, p. 7*

### **Find His Mother Dead**

### **William Beatty, Delayed in Reaching Home, Shocked by Discovery**

William Beatty, 633 Morton street northeast, received an injury yesterday afternoon which delayed his return home, and when he reached there shortly before 7 o'clock he found his mother, Mrs. Ida Theresa Beatty, sixty years old, dead from illuminating gas.

Mrs. Beatty has chinked the crevices about the door and window and inhaled gas through a tube attached to a wall fixture. The police were told that Mrs. Beatty had been sick the past two or more years. A certificate of suicide was given by the coroner.
